July 2018

4th of July Celebration

The Town of Henrietta is pleased to confirm that air conditioning will be installed in the Recreation Center gymnasium this July. We'll set the exact date of installation once the unit ships, but it is tentatively scheduled for just after the 4th of July and the work will be done in the early morning. The Recreation Center will be closed during the installation. Any disruptions of the regular schedule will be kept to a minimum, but it will be worth the inconvenience to be able to stay cool during the hot days of summer. For up to date information on the installation and closure, please visit parksandrecreation.henrietta.org.

Space is still Available in Baseball Camp
 Freshen up your baseball skills this summer. Players ages 5 to 17 are invited to sign up for Youth Baseball Day Camp at the RHAA complex. Coaches Junge and Koehler will work with participants to improve skills in batting, fielding and base running. Baseball Camp is offered in three weekly sessions to fit your hectic summer schedule. Stop at the Recreation Center or visit parksandrecreation.henrietta.org to sign up for one week sessions beginning July 9, July 16 and July 23.
