**Note:** The issuance of a permit based upon plans specifications, data and other reports shall not prevent the Town of Henrietta from thereafter requiring correction of deficiencies. Any deficiencies found during field inspection, testing, or Fire Marshal surveys must also be corrected.

All work shall comply with all applicable codes and standards, including the NYS Fire Prevention and Building Code, NFPA 96 and the Code of the Town of Henrietta.

The completed installation shall pass a visual inspection by a representative of the Office of the Fire Marshal. (A fee of \$50.00 will be charged for each re-inspection)

Please call the Office of the Fire Marshal at least 24 hours in advance to schedule inspections or tests.
