

Additional Free COVID-19 Test Kits to Henrietta Residents

Monroe County made COVID-19 Test Kits available for free to its residents through distribution by the Towns. In addition to the mass distribution, the Town is distributing the remaining kits at the Recreation Center.

You will need to have your Rec ID or other ID available to demonstrate you are a Henrietta resident.

Limit: one box (containing two kits) per resident.

Kits are also being distributed through the School District as well as through other channels.
