

Monroe Community Power Electricity Supply Program

The Towns of Henrietta & Rush are considering joining the Monroe Community Power program

If they join, eligible residents and businesses will receive a letter in fall 2022 with info about the program, their choices, and info about how to opt-out.

The Community Choice Aggregation (CCA) electricity supply program, through Monroe Community Power, enables municipalities to leverage the collective buying power of their residents and small businesses to secure more favorable terms on their electricity supply, protect consumers, and choose renewable generation sources.

With CCA, eligible residents and small businesses will have:

- Automatic access to renewable electricity at a fixed, competitive rate
- No individual contracts and no additional bill

Attend an upcoming public info session:

June 2nd 7pm Henrietta Library

July 7th 7pm Rush Pavilion

OR online June 21 7pm on Zoom
